Project Site

Town/Village: Bellmont

County: Franklin

Road and/or Water Body: Wolf Pond Road

Land Use Area/State Land Classification: Resource Management and Rural Use

Emergency Project Description

On July 10, 2023, heavy rain and severe flooding created hazardous conditions in New York State posing an imminent danger to public transportation, utility service, public health, and public safety systems. The rainstorms in July 2024 impeded the completion of the repairs on Wolf Pond Road in the Town of Bellmont from the 2023 Storm. The proposed project includes replacement of two 6'x40' culverts with one 16-6x6-8' aluminum box culvert, and repair of a 100' section of road with hardened gravel and guardrails.

General Notice

This Emergency Certificate does not convey any right to trespass upon the lands or interfere with the riparian rights of others in order to undertake the work authorized herein, nor does it authorize the impairment of any easement, right, title, or interest in real or personal property. Nothing contained in this Emergency Certificate shall be construed to satisfy any legal obligations of the Applicant to obtain any governmental approval or permit from any entity other than the Agency, whether federal, State, regional, or local.

AUTHORIZATION issued this 20th day
of September, 2024.
