

## Adirondack Park Agency

ANDREW M. CUOMO  
Governor

TERRY MARTINO  
Executive Director

### **MEMORANDUM**

TO: Terry Martino  
FROM: Kathy Regan  
Supervisor, Natural Resource Analysis  
DATE: July 8, 2020  
RE: RASS Program Report – March, April, May and June 2020

### **RASS Program Highlights**

All meetings, workshops, training and webinars are listed at the end of this report.

“New” employees Kelly McKean and (even newer) Sam Boese have both been great additions. Kelly has been with us for a full year now and Sam will mark his first-year anniversary at the end of August. It is hard to believe they have been here for a relatively short amount of time, given the volume and quality of their contributions.

Shaun LaLonde, Alicia Purzycki and Sam Boese continue to review complex projects, in some cases consisting of hundreds of pages of electronic documents and plans, within statutory timeframes. They use sound science and engineering principles based upon facts on the ground, while treating the regulated community with respect, and ultimately come up with solutions that protect the Park’s resources.

Staff sent certain GP holders letters reminding them of the need to submit annual reports, as per permit compliance conditions. This friendly reminder was effective, we received all the required reports. Our next step will be to get all the reporting deadlines in our GPs due on the same date, which will simplify tracking.

Leigh Walrath worked with Adirondack Park Invasive Plant Program’s (APIPP) Terrestrial Invasives Project Coordinator to assess the utility of unmanned aerial vehicles (drones) for mapping floating-leaf and deep-water marshes. Having up to date, high quality mapping of floating leaf and deep-water marshes, and adjacent riparian habitats during the height of the vegetative growing season could greatly reduce delays in the issuance of jurisdictional determinations and could aid in the review of regulated activities.

Mary O’Dell, Kelly McKean and I continue our work with DOT at crafting mitigation guidance for Department of Transportation projects. Mary, Leigh, Shaun and I continue to work with other Agency staff on the Development in the Adirondack Park (DAP) project guidelines for Biological Surveys.

Aaron Ziemann attended the 2019 Forest Ecosystem Monitoring Cooperative Conference in Burlington. The theme of this year's conference was "Monitoring for Impacts of Climate Change: Tracking and measuring outcomes in northeastern forests." Aaron also attended the New York State Society of American Foresters 2020 Annual Meeting. The theme for that conference was "New York's Forests and Climate Change Policy." Aaron has also updated the SIR for Timber Harvesting, which is being reviewed by Legal and Regulatory Programs.

Shaun LaLonde and I worked with Regulatory Program staff to coordinate an efficient schedule for conducting site visits.

Molly Jordon helped RASS with some Web page updates. Some subtle changes were made that will make it easier for the public to find our materials, including updated lists of consultants for engineering, surveying, wetland delineations and aquatic services, as well as our wetland mapping data.

## **COMMITTEE AND ORGANIZATIONAL AFFILIATIONS**

### **Committee and Working Groups**

- Lake Champlain Basin Program Technical Advisory Committee Meeting (March 4).
- Adirondack Invasive Species Workgroup Meeting (March 24).
- Adirondack Lakes Alliance Workgroup Meeting (March 24).
- Assisted in assembling action items contained in the 2005 Adirondack Region and 2015 NYS State-wide AIS action plans for purposes of initiating review by ADK AIS Workgroup (April).
- Lake Champlain Basin Program Technical Advisory Committee Meeting (April 1).
- APIPP Spring Partner Meeting (April 22).
- Lake Champlain Basin Program Stream Wise RFP Review Meeting (May 5).
- Lake Champlain Basin Program Technical Advisory Committee Meeting (May 6).
- Lake Champlain Basin Program Dam Removal Task Force Meeting (May 22).

- Lake Champlain Basin Program Technical Advisory Committee Meeting (June 3).
- APIPP Adirondack Invasive Species Workgroup Meeting (June 4).
- Met with VTDEC, NYDEC, LCBP staff to discuss the Lake Champlain Water Chestnut Management Program (June 12).
- LCBP Environmental Sensitivity Index Mapping for rail corridor along Lake Champlain (June 16).
- Statewide PRISM Meeting (June 24).

### **Education and Outreach**

- Lake Association Consultations and Support (6 lakes in March, 4 Lakes in April, 5 Lakes in May, and 4 Lakes in June: Lake Gay, Upper St. Regis, Minerva, Lake Pleasant, Chateaugay Lake, Raquette Lake, Lake Gay, Highland Forge Lake.)
- Met with Chateaugay Lake to discuss their use of Lake Management Tracker (June 2)

### **Conferences and Training for Staff**

- Webinar : NAISMA Weed Free Forage & Gravel Certification Program and How to Participate (March 25)
- Webinar: NAISMA Webinar: Invasive Ornamental Plants (April 1)
- Webinar: APIPP Hosted HWA Training and Update with Charlotte Malmborg (April 3)
- Webinar: Forest Ecosystem Monitoring Cooperative; Remote Sensing of Forest Clearing in New Hampshire (April 27)
- Webinar: Lake Champlain Sea Grant Webinar: Pharmaceuticals in Lake Champlain (April 29)
- Webinar: Sustainable Timber Harvest Metrics; Dave Jackson, Forest Resources Extension Educator, Penn State Extension Center (May 12)
- Webinar : Update on Beech Leaf Disease with Dr. Enrico Bonello, Professor, Department of Plant Pathology, The Ohio State University (NYS PRISM Monthly Meeting) (May 27)
- Webinar: The Importance of Wetlands in Floodplain Function and Ecosystem Services (May 29)
- Webinar : Climate Change and Adirondack Lakes (Adirondack Lakes Alliance) (June 17).
- Webinar : Crude Oil Transport along Lake Champlain (Lake Champlain Sea Grant) (June 24).

### **Other**

- Worked with APIPP to assess 2020 drone survey work (March 16).
- Assisted Adirondack Watershed Institute by answering questionnaire in their work to develop a new long-term watershed management plan for Upper Saranac Lake March 26).
- Reviewed APIPP 2020 priority lakes for AIS monitoring (March 27).

Memorandum to Terry Martino  
July 8, 2020

- Meeting with LCBP, APIPP, VTDEC, NYDEC, and USACOE regarding use of drones to map wetlands (April 13)

## **PERMITTING**

A permit was issued for a one-time application of the pesticide ProcellaCOR EC (EPA Registration Number 67690-80; New York Special Local Needs Label Registration #SLN NY-19001) for purposes of controlling Eurasian watermilfoil (*Myriophyllum spicatum*) in Minerva Lake (Town of Minerva, Essex County).

## **ADMINISTRATION**

### **Reporting**

- Submitted weekly reports.

### **Agency Coordination/Efficiency**

- Participated in Management and Staff Meeting calls.
- Reviewed policy and procedure documents pertaining to working remotely and re-entry to the office.
- Reviewed DAP documents on Biological Surveys.
- Participated in JIF DOT working group.
- Site visit scheduling.

### **Other**

- Participated in Department of Labor calls for Unemployment Insurance and Pandemic Unemployment Assistance.
- Updated Wetland Consultant list for our web page.
