Dear Mr. Bart Haralson,

In regards to our variance request for the aforementioned project number hereafter referred to as Hawkins Boathouse Addition, it seems we have reached an impasse.

Although we understand that moving forward with the staff's approval of the variance is advantageous, it seems that we are unlikely to garner this approval. At this time, Adirondack Design and our client Andrew Hawkins would like to proceed with the variance for the Hawkins Boathouse Addition to the board itself.

Please inform us of how to proceed in this direction.

Respectfully Submitted,

Michael L. Bird, A.I.A.  
Architect

CC: Andrew P. Hawkins - Property Owner
